

CREATING A PROMETHEAN ACCOUNT

Learn how to create a Promethean Account, to log in to your ActivPanel for a personalised experience.

Create a Promethean account

1. On your device, open a browser and go to one.PrometheanWorld.com. Select **Create an account**.
2. Link your Promethean account to an existing **Google** or **Microsoft** account, or use any email address. We recommend using your work email.
3. Fill in the form and select **Email code**. An account **verification code** is sent to your inbox.
4. Confirm your account by entering the **verification code** and selecting **Verify**.

Your Promethean account is created. Log in and start enjoying the benefits of a personalised experience on ActivPanel 9.
