

# HIDE DATE & TIME ON HOME SCREEN

Learn how to hide date & time from the home screen.

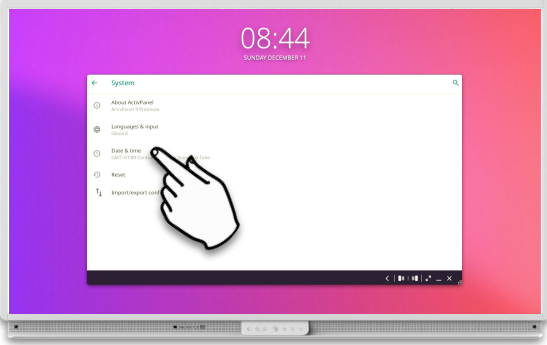

By default, your ActivPanel's home screen displays the current date & time at the top. This can easily be changed from the settings.

1

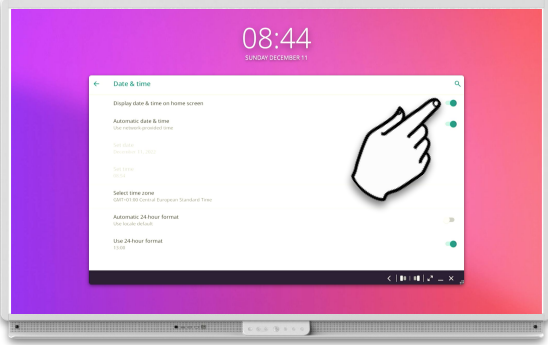

Open **Menu**, **Applications** and select **Settings**.

2

Scroll down **(A)** and select **System (B)**.

3

Select **Date & Time**.

4

Toggle **Display date & time on home screen** off.
