

SET A SCREEN LOCK PIN

Learn how to set a screen lock pin for your ActivPanel.

You can protect your account, when signed in to ActivPanel, by setting a screen lock pin. Set this pin directly from ActivPanel, from a web browser or from your Smartphone/Tablet.

ActivPanel

Sign in to ActivPanel with your [Prometheus account](#) and select your **account icon** **1** in the lower left corner.

Select **Account** **2** and then **Security** **3**.

Enter and confirm your new code **4** and select **Save** **5**.

Web browser

Sign in to [OnePrometheus](#), select your **Profile** in the top left corner and select **Account** **1**.

Select **Security** **2** and then **Manage PIN** **3**. Enter and confirm your new code and select **Save**.

Smartphone or tablet

Open the [Prometheus mobile app](#) and check that you are signed in.

Select **Account** **1** and then **Security** **2**.

Select **Manage PIN** **3**, enter and confirm your new code and select **Save**.
