

SET UP AN NFC CARD

Learn how to set up and link a new NFC card to your Promethean account.

Set up an NFC card

To set up a new NFC card, you will need access to an ActivPanel 9 Premium.

Follow the instructions below to link a new NFC card with your Promethean Account.

1

Tap a new **NFC card** on the **NFC reader** on the left side of ActivPanel's pen tray and select **Sign in**.

2

Sign in using one of the other options: From a **web browser**, with the **mobile app** or **email and password**.

3

Follow the onscreen instructions, by tapping the **card** on **NFC reader** again.

4

Your **NFC card** is now linked to your Promethean account and can be used to sign you in to any ActivPanel 9 Premium.

NOTE: Every ActivPanel 9 Premium includes 2 NFC cards. More cards available for purchase from your Promethean partner or reseller.
