

SIGN IN WITH NFC OR ACTIVSYNC

Learn how to sign in to ActivPanel 9 Premium, using NFC or ActivSync.

ActivPanel 9 Premium offers two additional sign in methods: **NFC** and **ActivSync**.

Sign in with NFC

Locate the **NFC reader**, on the left side of ActivPanel 9 Premium's pen tray.

Tap your **NFC Card** on the reader and wait a moment for the sign in message.

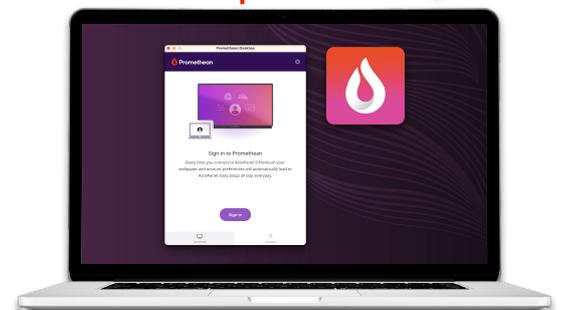

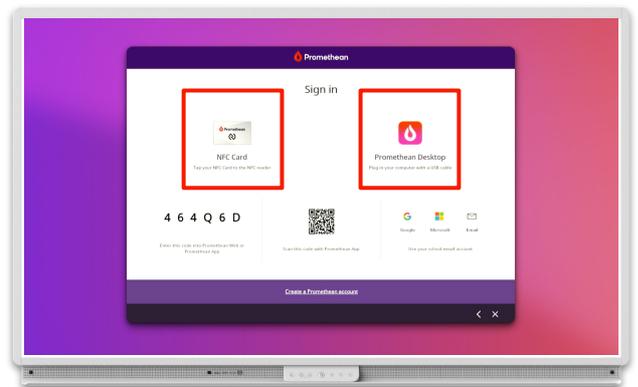

You can sign out by tapping the NFC card on the **NFC reader** again.

Sign in with ActivSync

If you have installed the **Promethean desktop** app to your device and signed in to your Promethean account, you can sign in automatically.

Connect your device with **USB+HDMI** or **USB-C** to the ActivPanel and wait for the sign in message.

Disconnecting the cables signs you back out.

ActivSync
