

USE ACTIVPANEL AS GUEST

learn how to use your ActivPanel, without login in with a Promethean Account

When your ActivPanel is powered on, a welcome screen prompts you to log in. If you do not have or do not wish to use login, you can continue as a guest instead.

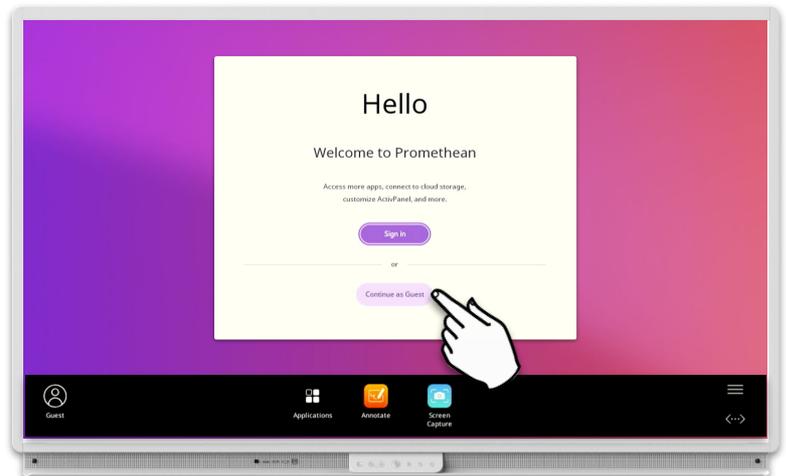

Continue as Guest

Select **Continue as Guest** from the welcome screen.

As a guest user, you can still use all apps and access the Internet etc. but none of your settings or preferences are stored.

Next time you start the ActivPanel, or if you end the session, these will be lost.

The table on the right indicates features for guest versus Promethean Account users.

Funktion	Login	Gäst
Use educational apps - e.g. Whiteboard, Chromium browser, Annotate and Screen share.	✓	✓
Save whiteboards, screenshots and recordings to internal- or USB memory.	✓	✓
Save whiteboards, screenshots and recordings directly to Google Drive or Microsoft OneDrive.	✓	✗
ActivPanel synchronises settings and preferences to and from your Promethean account.	✓	✗
ActivPanel synchronises applications layout and user-created shortcuts.	✓	✗
Lock and unlock your ActivPanel with your personal pin.	✓	✗

With ActivPanel 9 Premium, you can save files directly to your computer, even without login in, thanks to **ActivSync** technology.

This requires you to download and install the **Promethean desktop** application.
