

GRIDS, BACKGROUNDS & TEMPLATES

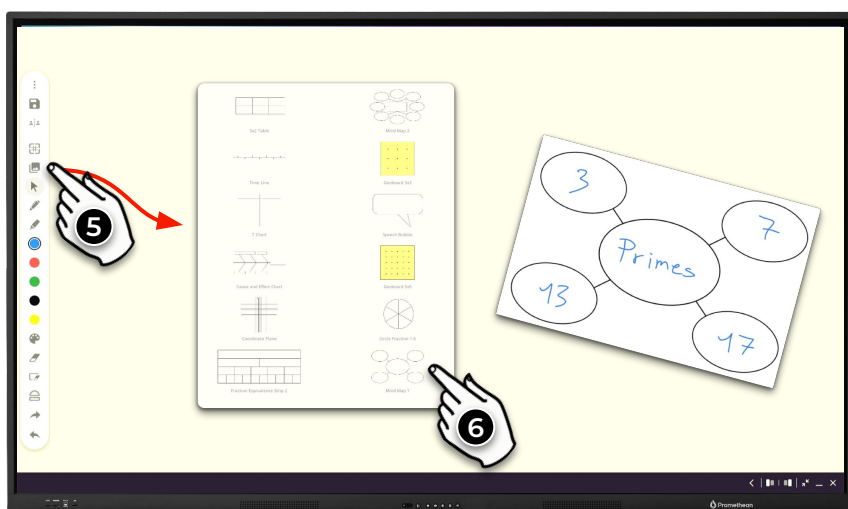

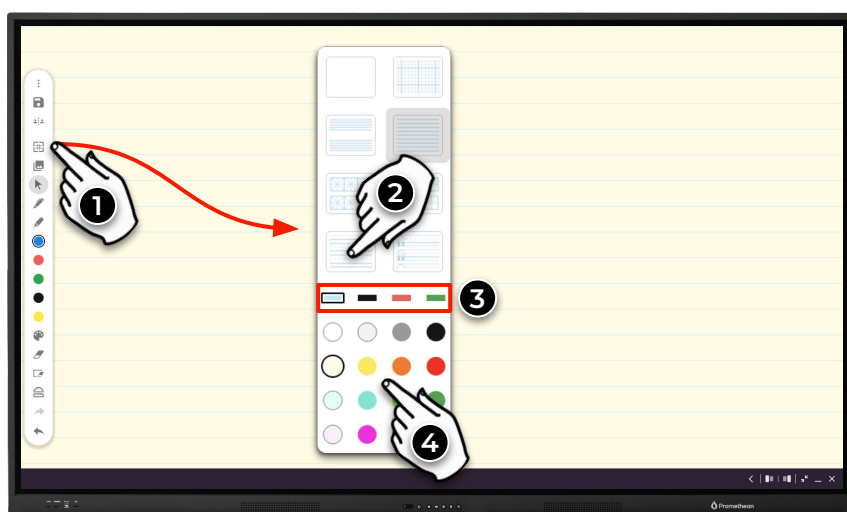

Learn how to add grids, backgrounds and templates to your whiteboard.

Grids & Backgrounds

Adding grids to your whiteboard is as simple as two clicks.

- 1 Select **grids** from the **Toolbar**.
- 2 Select your **grid type**.
- 3 You can also change the **grid color**....
- 4 ... or even change the **background color** from the **palette**.

Templates

The Whiteboard app also comes with useful templates for your lessons.

- 5 Select **Templates** from the **Toolbar**.
- 6 Select your **template** to insert it.

Any annotations made on templates (or images) in the whiteboard will stick, as you **move** or even **resize** the object.
