

IMPORT IMAGE FROM CHROMIUM TO WHITEBOARD

Learn how to import an image from the Chromium browser to the Whiteboard app.

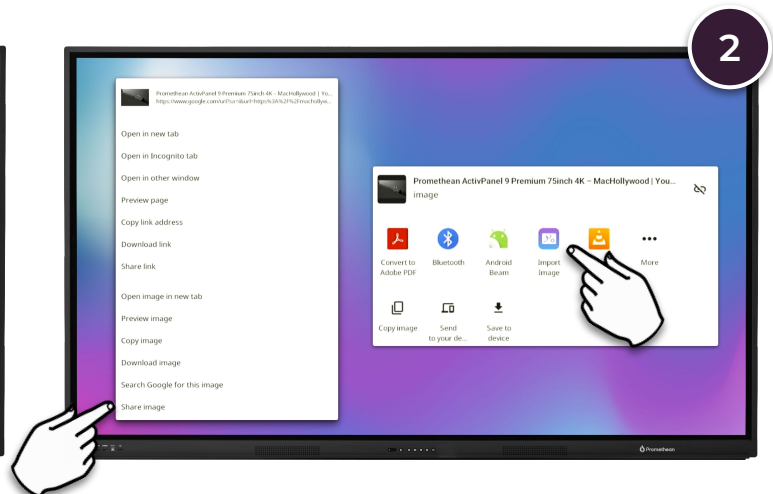

Import image from Chromium

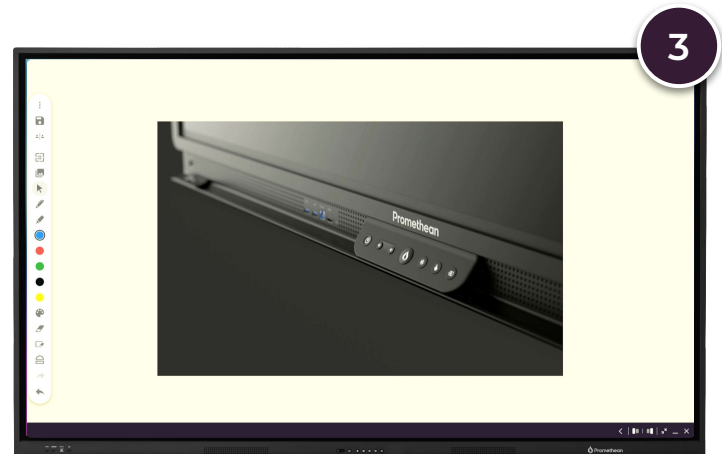

As an alternative to [Screen Capture](#), you can import images from the [Chromium browser](#) directly into the [Whiteboard app](#).

Locate the image you want to import in the Chromium browser.
Press and hold on the image preview to show contextual options.

Select **Share image** and then **Import image**.

The image is automatically copied into the [Whiteboard app](#).

Be aware of copyright laws, when using images from the Internet.
