

INTRODUCTION TO SPINNER

Learn how to use the Spinner app to create lists and randomize selections.

Spinner

Open the [App Menu](#) and select [Spinner](#). If you use this tool often, you can drag the icon from the onto the [Quick Launch Menu](#), to create a shortcut.

A web version of the app is also available, from the [OnePromethean](#) website.

- 1 Select the **Cog** to display the **Spinner settings**.
- 2 Select the **dropdown** to choose an **existing** or **create a list**.
- 3 Adjust **Spinner settings**.
- 4 Tap the **plus icon** to open another spinner on the screen. You can have up to 4 timers at the same time.
- 5 Select **Styles** to change the **color scheme** of your Spinner.
- 6 Select **Create list** to open the **list creation box**.
- 7 Enter **name** and **list items** and select **Done** to save your list.
- 8 **Import list** from a **USB-drive** (.csv file format).
