Personalized training by teachers

The Promethean Professional Development program offers a wide range of courses, modules, and events developed and delivered by former teachers. Based on industry best practices, our training and professional development help educators design lessons and activities that encourage engagement, spark imagination, and increase achievement.

Promethean Education Consultants who lead our training are all Google™ Certified Level 2 Educators and have extensive experience in teaching, curriculum development, and education leadership.

The on-site or virtual courses listed on pages 4 through 7 are paid services that can be quoted by your local Promethean representative.

Top benefits

Standards driven – Our professional development and training are aligned to national and regional standards.

Return on investment – When teachers are informed and inspired, they utilize technology to its fullest capacity, leading to greater student engagement and higher student achievement.

Applicable – Consultants provide consultative, customized professional development services that enable educational institutions to reach their goals and initiatives.

Community – Our regional summits, social media events, and conferences are spaces for teachers to learn, share and collaborate with like-minded educators.

On-demand learning – Access resources, videos, guides, and courses anytime from anywhere.

Dedication – Our Education Consultants are committed to successful and effective implementation of our hardware and software as former educators who understand the demands of the classroom.

BY THE NUMBERS

90,000
Our Education Consultants engage with more than 90,000 teachers annually.

500 years
The team has more than 500 years of combined teaching experience.

Promethean APPRENTICE

SKILL LEVEL 1

The Apprentice badge is earned after completing any of the beginning level in-person or online courses.

Promethean's recommendation: 👤 Onsite 🖥 Online (Live)

COURSES OFFERED

ActivPanel 9 Essentials 1 👤🖥

In this course, you will learn the essential skills and tools in order to get started teaching with your ActivPanel 9. Your education consultant will take you through hardware fundamentals, the functionality of the menu, creating a Promethean Account to sign into your roaming profile, and teaching with the Promethean apps. At the conclusion of this course, you will also leave with a variety of digital resources to support you as you get accustomed to your new ActivPanel.

ActivPanel Essentials 1 (LX with OPS-A, LX, Titanium, or Nickel) 👤🖥

In this course, you will learn the fundamentals of the hardware, exploring the menu, utilizing the Promethean apps in the classroom, and Promethean resources for teachers.

Teaching With the Promethean ActivPanel 👤

This step-by-step, hands-on course will guide you on how to integrate your ActivPanel into daily classroom instruction. You'll explore educational apps, learn to integrate existing classroom devices, and master the use of Promethean hardware. You'll be introduced to our lesson delivery software, Explain Everything or ActivInspire, so you are equipped to create interactive and engaging lessons for your students

Explain Everything Essentials 1 👤🖥

Start creating interactive lessons with Explain Everything, our newest addition to the Promethean software family. We will begin by getting to know your workspace and adding media and existing files to your project. For Explain Everything Advanced users, we will explore the Promethean apps that are included with your subscription.
This hands-on session is designed to help you take your skills to the next level, with time to explore and create engaging activities.

ActivInspire for Beginners 👤🖥

This course offers an introduction to ActivInspire, Promethean's award-winning lesson delivery software. You'll get the foundational skills needed to begin integrating interactivity into your lessons and actively involve your students. Your local Promethean Education Consultant can take advantage of the modular approach of this course to create a custom experience that fits the needs and wants of your district.

Promethean CHAMPION

SKILL LEVEL 2
The Champion badge is earned after completing any of the intermediate level in-person or online courses.

Promethean's recommendation: Onsite Online (Live)

COURSES OFFERED

ActivPanel 9 Essentials 2*
Take your classroom use of the ActivPanel 9 to the next level. Topics can include customizing your Promethean Account, adding shortcuts to commonly used websites, multi-window, additional Screen Share use cases, custom settings, recording your lessons or activities with the Screen Recorder app, signing into your panel with ActivSync (ActivPanel 9 Premium only), and building Promethean Whiteboard files.

Prerequisites: ActivPanel 9 Essentials 1

ActivPanel Titanium/Nickel Essentials 2*
Get ready to take the next step with your Titanium or Nickel ActivPanel. Topics can include Activity Player app, building Promethean whiteboard files, custom settings, multi-window (Titanium only), screen share use cases, and best practices for the ActivPanel.
Prerequisites: ActivPanel Essentials 1 (LX with OPS-A, LX, Titanium, or Nickel)

ActivInspire Intermediate*
The tools and skills introduced in this course will help you build on the lesson-creation skills already mastered to add increased interactivity with your students.

Prerequisites: ActivInspire for Beginners

*Your local Promethean Education Consultant can take advantage of the modular approach of this course to create a custom experience that fits the needs and wants of your district.

### Explain Everything Essentials 2*
Learn about the more in-depth tools and concepts of Explain Everything Advanced by diving into collaborating, recording lessons, and upleveling usage of Promethean apps.

STEAM in Your Promethean Classroom
From project-based learning to augmented reality, teaching STEAM is evolving rapidly. In this course, you will learn how to use Promethean solutions to create an engaging STEAM lesson for your students that incorporates technology integration, STEAM best practices, hands-on STEAM applications, and more.

Your Google or Microsoft Classroom
Today's classrooms include extensive technology that allows students to participate in a lesson individually from their personal device or a classroom set of devices. This course will show you how to leverage the full potential of these 1:1 devices in conjunction with the Promethean ActivPanel. This course can be customized to focus on iPads, Chromebooks, or Android devices.

SKILL LEVEL 3

The Expert badge is earned after completing any of the master level in-person or online courses.

Promethean's recommendation: 👤 Onsite 🖥 Online (Live)

COURSES OFFERED

ActivInspire Advanced 👤

Take your interactive ActivInspire lessons to the next level with the step-by-step, hands-on ActivInspire Advanced class. Exploring the various Browser windows, you will learn how to create and use feature such as containers, actions, and restrictors. See how you can create your own self-correcting activities with containers; make objects that can move in only one direction, any direction, or not at all, and control whether they can be resized or modified by using restrictors—even have objects present a pop-up "tooltip" bit of information after an amount of time that you specify. Actions will allow you to embed objects on the page that when clicked will transport students to other pages, websites, or videos, reveal hidden answers, or open files.

**Prerequisites:** ActivInspire for Beginners and ActivInspire Intermediate

Promethean + AR/VR = Next Level Instruction 👤

Engage your students by bringing a new level of interaction into your classroom with AR (augmented reality) and VR (virtual reality). Learn about resources that are available through Google and other third party apps as well as how they can be integrated with your Promethean ActivPanel and classroom apps. Through augmented reality, your students can experience the world, investigate ancient artifacts, or explore science simulations. Guide them in creating virtual bridge designs and bringing 3D shapes to life and much more! This course is applicable to various subject areas and grade levels. Your local Promethean Education Consultant can take advantage of the modular approach of this course to create a custom experience that fits the needs and wants of your district

ActivPanel Advanced 👤

This step-by-step, hands-on course will introduce you to the advanced tools and capabilities of ActivPanel. Dive deeper into apps that transform your classroom into an engaging space that promotes learning. Learn how to incorporate classroom devices, Promethean software, and any other current curriculum.

Prerequisites: ActivPanel Essentials 1 and Essentials 2

A Train the Trainer badge is earned after completing any of the mentoring level in-person or online courses.

Promethean's recommendation: 👤 Onsite 🖥️ Online (Live)

COURSES OFFERED

Promethean Train the Trainer 👤

This hands-on course is designed for educators who are experienced in teaching with Promethean hardware and software and have a passion for sharing their knowledge. You'll be guided through advanced technology integration and instructional design while exploring modeling and presentation skills. Participants will provide an original ActivInspire lesson that they will edit and deliver during the course. Those who complete this course will receive a Promethean Train the Trainer badge.

The Promethean Train the Trainer Program can only be delivered by a Certified Promethean Education Consultant for participants to receive Promethean Train the Trainer status. Based on the district's needs and initiatives, this course can be customized to focus on the ActivPanel, ActivInspire, or a combination.

Professional Development Series

We are pleased to offer these *free*, virtual professional development events through our Promethean Interactive platform. Register for the next event at https://bit.ly/promethean-pd-series

Tech & Admin Summit - February

The Tech & Admin Summit offers further training, resources, and tools for IT professionals and administrators. Learn more about infrastructure, hardware, and software updates to help in your daily roles.

Teacher Appreciation Summit - May

We appreciate all that our teachers do for their students, so we've designed this summit to celebrate our superstar teachers and showcase how they engage students with their Promethean products.

Camp Promethean - July

At Camp Promethean, our Education Consultants provide a full day's worth of sessions and activities to keep teachers up to date on Promethean's latest technology. Learn new tricks and best practices to bring stronger student engagement and creativity into your classroom.

Teacher Tailgate - September

Huddle up with fellow teachers for a fun night focused on back-to-school game playing with your Promethean products. All players will walk away with lots of fun activities, flipcharts, and resources to tackle the upcoming school year.

STEAM Forward - November

In conjunction with national STEAM day, we'll dive into how educators can integrate technology and creativity across STEAM subjects. In a day of sessions and sharing from industry thought leaders, you'll get the best hacks and latest tools to share with students.

Promethean Summits

Promethean Summits

Summits are user conferences that focus on the integration and application of Promethean hardware and software to promote student learning in K-12 classrooms. Summits are hosted by our experienced Education Consultants, who build custom training programs that cover the ActivPanel, Explain Everything, ActivInspire, SAMR, STEAM, the world of apps, lesson development, best practices, modern learning techniques, the untethered teacher, and more.
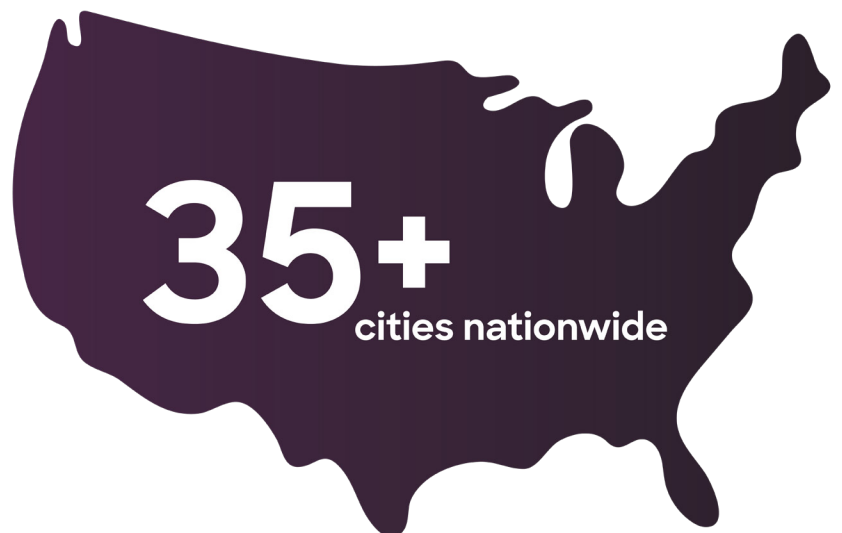

District Education Consultant services

A District Education Consultant is a dedicated Promethean employee who works with a district full time.

The trainings provided by the consultant are aligned to the district's needs and goals that are outlined in a professional development plan. The consultant provides quality training to all district employees in a variety of ways:

- On-site training
- Virtual training
- In-class coaching and mentoring
- Train the Trainer
- Content creation
- Summits

The consultant establishes a meaningful rapport with the administration and staff to help them be successful with the Promethean solution. We have dedicated educational consultants in multiple locations.

District Education Consultants deployed in over 35 cities nationwide
