ActivPen 2

All-in-One Remote

# ActivPen 2 Connection

USB Dock

**The ActivPen 2 includes a USB dock used to charge and pair the ActivPen 2.**

To install the USB dock and ActivPen 2:

1. Plug the dock into the designated USB port on the left side of the ActivPanel 10. You will need to first remove a silicone cover over the port.
2. When the ActivPanel is powered on, a light will illuminate on the USB dock. (Make sure the dock is correctly and securely seated in the USB port.)
3. Place the ActivPen 2 in the dock to charge and pair with the ActivPanel 10.

# All-in-One Remote Connection

**The All-in-One Remote includes a USB dongle used to pair the remote to the ActivPanel 10.**

To install the USB dongle:

1. Plug the USB dongle into the designated USB port on the top of the ActivPanel 10. You will need to first remove a silicone cover over the port.

2. To charge the remote, connect the provided USB-C cable to a side USB port on the ActivPanel 10. The remote can charge while in the remote holder on the left side of the ActivPanel.
