

Promethean ActivSuite™ Installation Guide (Mac and Windows)

Promethean ActivSuite offers teachers their favorite teaching apps in an easy-to-use toolbar available anywhere, anytime—for a consistent experience wherever they go.

Note: If you do not have access to download or install the applications, please reach out to your IT department.

The following steps will walk you through installing Promethean ActivSuite onto your **Mac** or **Windows** PC.

- Click the link below to go to the Promethean ActivSuite support article.
Mac – [Click here to download Promethean ActivSuite](#)
Windows – [Click here to download Promethean ActivSuite](#)
- Click on **View All** in the files window in the upper right corner of the page to view all available files.

Click on the two appropriate files (1 x promethean_activsuite and 1 x ScreenShareReceiver) for your operating system.

* While the file names will remain the same, version numbers may vary when you access these files.

Mac

Files to download

Apple (silicon)

Promethean ActivSuite™ toolbar: promethean_activsuite_mac_1.3.1.20_arm64.pkg
Screen Share receiver: ScreenShareReceiver_1.2.1.1044_sign_arm64_f3591ab.pkg

Intel

Promethean ActivSuite™ toolbar: promethean_activsuite_mac_1.3.1.20_x64.pkg
Screen Share receiver: ScreenShareReceiver_1.2.1.1044_sign_intel_f3591ab.pkg

Click **Download**, then X out of the Download window and repeat for the second file.

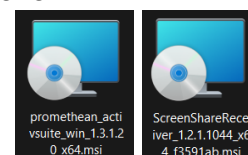

- Mac** – Go to Downloads in Finder. 

Double click on each file to install.

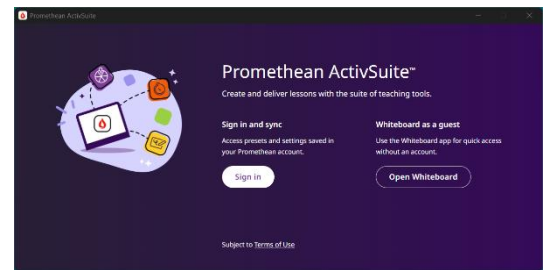

- Windows** – Go to Downloads in File Explorer. 

Double click on each file to install.

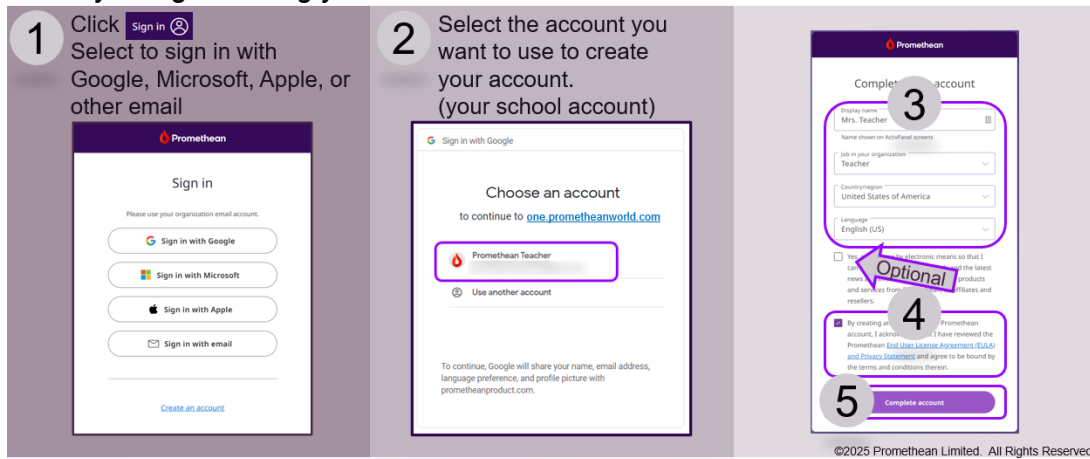

4. Once you see the ActivSuite window, go to the next step.

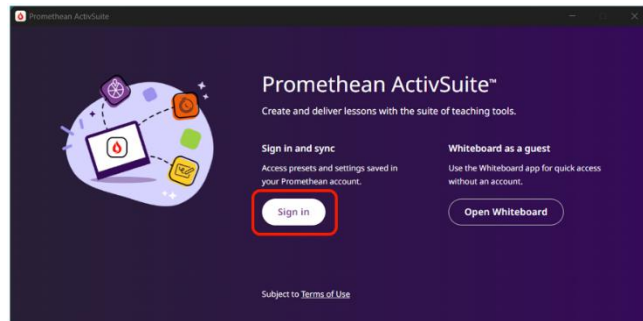

5. Click on the link to sign in on one.prometheanworld.com/.

6. Sign into your Promethean account or create one for the first time by following the steps below.
Make sure you sign in using your district credentials.

7. Return to the ActivSuite window by clicking on the **ActivSuite (red flame) icon** in your Dock (**Mac**) or taskbar (**Windows**). Then tap on the white **Sign in** button.

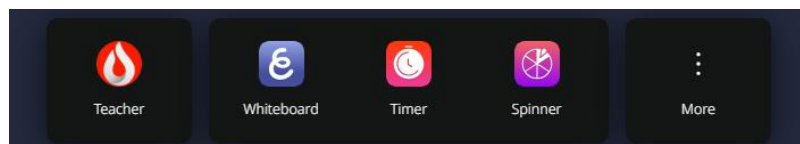

8. The Promethean ActivSuite toolbar will appear across the bottom of your screen. You can begin using the Promethean apps!

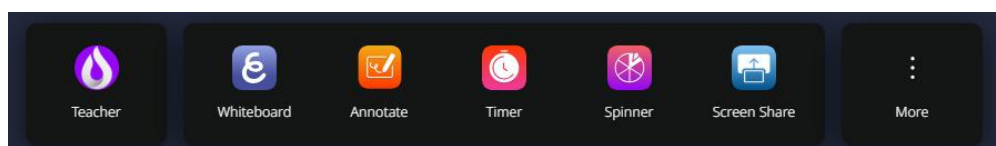

Mac – To pin ActivSuite in your dock: Right click on the ActivSuite icon – **Options** – **Keep in Dock**

Important for macOS: Enable touch support by following the instructions in this [support article](#).

Windows – To pin ActivSuite to your taskbar: Right click on the ActivSuite icon – **Pin to Taskbar**

[ActivSuite](#) – signed in without a license

[ActivSuite](#) – signed in with a license or connected to an ActivPanel 10
