# Creating Choice Boards in ActivInspire

A choice board is a graphic organizer that contains choices for students learn or practice concepts. Choice boards can be used to guide students through completing an individual activity or a series of activities.

Begin with a Plan

1. Create a plan. Think about what you would like all students to learn.
2. Decide your layout. This will help you to know how many resources you need.
3. Gather your resources, like images, links, and content.

Building a Foundation

To add a grid to the page, you can copy and paste from a Google search. Do a web search for the size of grid you wish to add. Example: Search for a 3 X 3 grid and then select **Advanced Search** and select **Free to use and share**.

Tip:
Right-click on the grid and lock it.

Use the text tool to add a title to the choice board and to add descriptions to the square choices.

Sample Choice Board

| Poem	Picture Dictionary	Riddle
Write a poem with your spelling words. You choose the style.	Draw a picture of your spelling words	Create a riddle with your spelling words.
Crossword Puzzle	**Define**	**Story**
Create a crossword puzzle with your spelling words.	Write your spelling words with the definitions.	Write a story with your spelling words.
Sentences	**Code**	**Fancy**
Create sentences with your spelling words.	Create a symbol for each letter of the alphabet and write your spelling words in code.	Write each letter of the word in a different color or a fancy design.

Adding Links

Adding links allows you to direct students to approved programs or content.

Add media using the **Insert Media From File** icon from your toolbox, or go to **Insert** and select **Media**.
 Insert Media From File icon

You will be prompted to locate and select the file from your device. Tap **Open**.

You may then manipulate it like any other object.

To add a website link to your flipchart, go to **Insert** and select **Link**. Choose from File, Website, or Embedded HTML.

Select **Website** to input a URL.

Decide how you would like the link to appear.

If you link the website to an existing object, you will see an icon of a blue circle with an arrow when you hover over the object in Presentation Mode. This indicates the link is live. Clicking the object will take you to directly to the website.

Select **Design Mode** to edit your choice board.
