

How to Locate Apps on Your ActivPanel Titanium

The **Locker** houses all of your apps, including those from connected devices such as a Promethean Chromebox or ActivConnect OPS-G.

To locate apps, access the **Unified Menu** and tap **Locker**.

The Locker will automatically open to the **Apps** tab, but you also can access it by tapping the **cube icon** to access Apps.

Depending on the number of apps you have installed, there may be more than one page. Pages are denoted by small white dots at the bottom of the Locker window. **Swipe right or left** to navigate between these pages.
