#### OPS-A Ports

### Getting Started

When starting the OPS-A for the first time, follow the onscreen prompts.

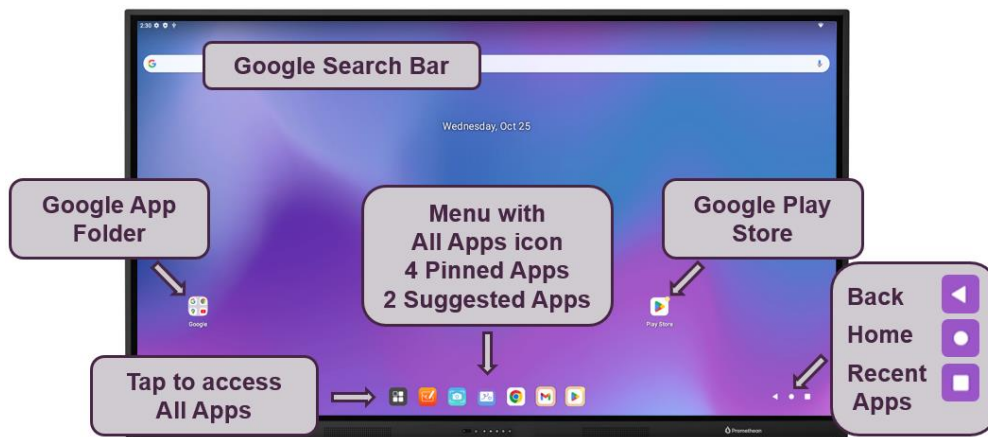

The screenshots illustrate the following steps:

- Hi there:** The initial welcome screen with a red box around the 'Next' button.
- Select your network:** A screen titled 'Connect to Wi-Fi' with the instruction 'Enter the network credentials'. A red box highlights the 'Next' button.
- Set a pin:** A screen titled 'Set a pin using the onscreen keypad, then tap Next.' It includes a note: 'You can also choose Skip in the bottom left corner. It is highly recommended that you set a pin to protect your credentials.' A red box highlights the 'Skip' button. A callout box says 'Other Screen lock options are available.' A red box highlights the 'Next' button.
- Select Don't copy:** A screen titled 'Copy apps & data' with the instruction 'Select Don't copy'. A red box highlights the 'Don't copy' button.
- Confirm choices:** A screen titled 'Google services' with the instruction 'Confirm choices Select Accept'. A red box highlights the 'Accept' button.
- Setup Google Assistant:** A screen titled 'Access your Assistant with "Hey Google"'. It says 'To setup Google Assistant, you will need to plug in a microphone. Select Skip or I agree'. A red box highlights the 'Skip' button.
- Select Skip or I agree:** A screen titled 'Access your Assistant without unlocking your device'. It says 'Select Skip or I agree'. A red box highlights the 'Skip' button.
- Accept EULA:** A screen titled 'Finally, tap Accept to accept the Promethean Software End User License, Service Agreement and Privacy Policy.' A red box highlights the 'Accept' button.
